

Financial Controller

We are looking for an experienced financial controller to undertake all aspects of financial management, including accounting operations, budget, financial reporting, forecasts preparation. As a Financial controller you will be responsible for the development of internal policies and processes. You will also be the first contact with our finances administration company.

Responsibilities:

- Manage all accounting operations
- Coordinate and direct the preparation of the budget and financial forecasts
- Work closely with management and other departments to prepare or collect reports
- Ensure quality control over financial transactions and financial reporting
- Develop and document business processes and accounting policies to maintain and strengthen internal controls

Requirements:

- 5+ years of overall combined accounting and finance experience
- University degree in finance or economics
- Experience with creating financial reports
- Knowledge of accounting principles and procedures
- Business process understanding
- Strong command of the English
- Experience with Microsoft Dynamics NAV would be a big advantage

What we offer:

- Participation in process improvements, initiatives
- Informal and social working environment in a fast-growing IT organization
- Flexible working hours
- Professional career and personal development opportunities

About us:

1ClickFactory is a Dynamics 365 software factory. Our high-quality Microsoft Dynamics 365 upgrade, development, and training services, together with our leading Microsoft Azure managed hosting service, help Microsoft Partners offer better business value to their customers delivering solutions on-premises and/or in the cloud. We exclusively serve Microsoft Partners whom we help reduce financial risk, increase scalability, shorten project time, solve resource shortage and increase cost predictability, leading to higher profits and greater revenues. Unlike the traditional ERP upgrade service providers who offer this type of service through 1:1 sourcing of people, 1ClickFactory takes responsibility for the projects, uses automation tools and has performed 500+ Dynamics NAV and Dynamics AX upgrades, 300+ development projects and serves 5,000+ NAV users on Azure. 1ClickFactory is a Microsoft ISV Development Center that is Gold Certified in Enterprise Resource Planning, Application Development and Cloud Platform. We are a global business currently delivering our services to 300+ partners in 40+ countries
