

IT Engineer / Quality Assurance

We are looking for a IT Engineer IT Engineer /Quality Assurance to assess self-provisioning platform quality through testing. You will be responsible for finding and reporting bugs and glitches and will ensure that our platform works correctly. You will also take part in decision making process related to self-provisioning improvements release to Live.

In this role you should have a sharp eye for details. If you are also competent in executing test cases and are passionate about quality, we would like to meet you.

Responsibilities:

- Create test scripts for new self-provisioning platform functionality
- Adjust existing self-provisioning platform test scripts when needed
- Analyze and propose test automation technologies to be used for test self-provisioning platform functionality
- Build automated test scripts for self-provisioning platform
- Report issues related to self-provisioning functionality
- Analyze issue logs and building plan to avoid them in the future

Requirements:

- 2+ year experience as a Quality Assurance tester or similar
- Experience in QA methodology
- Ability to document and troubleshoot errors
- Attention to detail
- Analytical mind and problem-solving attitude
- Strong command of the English

1ClickFactory is a Dynamics 365 software factory. Our high-quality Microsoft Dynamics 365 upgrade, development, and training services, together with our leading Microsoft Azure managed hosting service, help Microsoft Partners offer better business value to their customers delivering solutions on-premises and/or in the cloud. We exclusively serve Microsoft Partners whom we help reduce financial risk, increase scalability, shorten project time, solve resource shortage and increase cost predictability, leading to higher profits and greater revenues. Unlike the traditional ERP upgrade service providers who offer this type of service through 1:1 sourcing of people, 1ClickFactory takes responsibility for the projects, uses automation tools and has performed 500+ Dynamics NAV and Dynamics AX upgrades, 300+ development projects and serves 5,000+ NAV users on Azure. 1ClickFactory is a Microsoft ISV Development Center that is Gold Certified in Enterprise Resource Planning, Application Development and Cloud Platform. We are a global business currently delivering our services to 300+ partners in 40+ countries.
