## Experience the Value

### Guaranteed Availability for Partner and End-Customer

Your Dynamics NAV / Business Central solution connectivity is always on. Fast, responsive and knowledgeable support from both our Dynamics NAV / Business Central and Microsoft Azure experts is guaranteed and available to you. With Self-Provisioning for NAV / Business Central on Azure service you can respond more quickly to customer demands and today's market trends as the latest and greatest NAV / Business Central software and Microsoft Azure technology is always available on the Self-Provisioning platform.

### Simplicity in Usage and Pricing

The Self-provisioning platform was built to save you time and money. We focus on ensuring the best experience for our customers as possible and saving you time at each stage of NAV / Business Central implementation on Azure. The service radiates with simplicity and speed from every angle with stable, predictable and easy to understand pricing, that is offered as a subscription, fixed per-user-per-month, for effortless solution implementation using the Self-Provisioning platform.

### Your Security is Our Priority

Ensure that you and your customers are happy, calm and loyal. Receive a level of data protection and load balanced set-up that far exceeds the typical on premise or private Cloud protection. Microsoft Azure is the industry leader for customer advocacy and privacy protection having more certifications than any other cloud provider. We are here to help you get to the most secure cloud platform in the world. Together with strict security policies on our Self-Provisioning platform, we ensure that your Dynamics NAV / Business Central data will be safe and privacy is guaranteed.

### Trust Your Deployments to Experts in Both – Microsoft Azure & Dynamics NAV / Business Central

We have the answers you need, when you need them! Based on our long tenure with Dynamics, we have faced the challenges and addressed the solutions you need to answer any question or problem related to Microsoft Dynamics NAV / Business Central or Microsoft Azure. Save time and be confident that the fast reaction and professional help from us is guaranteed on both sides: the Microsoft Azure infrastructure and your Microsoft Dynamics NAV / Business Central solution.

## Why 1ClickFactory?

At 1ClickFactory, we specialize in developing automated software services that were previously executed manually, like Microsoft Dynamics solutions upgrades, reports transformation, deployment on Microsoft Azure, and other. By utilizing our services, Partners from around the world can more easily, profitably, and with less risk implement and service Microsoft Dynamics solutions for their customers and quickly scale their businesses. Most of our services are available online and 24/7 through our website.
